4th International Symposium on Dyeing and Finishing of Textiles

Announcement

It is our pleasure to announce that the 4th International Symposium on Dyeing and Finishing of Textiles will be held in Ueda, Nagano, Japan from September 6th to 9th, 2009. First, second, and third symposium were held in Fukui (1994), Wakayama (1998), and Kyoto (2006), respectively.

The symposium aims at promoting fruitful scientific and technological discussions on all aspects of the dyeing and finishing of textiles and related fields including dye chemistry, dyeing machinery, functional fiber science, polymer science for fibers and textiles, etc. For this purpose, we are planning to invite world-class researches in these fields.

This symposium is held with 10th Asian Textile Conference (ATC-10) to discuss with many textile researchers and engineers.

With this announcement, all we are glad to invite you to attend the symposium and present your paper(s).
